give consent for him/her to participate in the Women’s & Children’s Health Network Youth Advisory Group. The Youth Advisory Group is a formal committee that provides contemporary consultation to the executive branch of the Women’s & Children’s Health Network including the Women’s & Children’s Hospital. By consenting, I understand that the Manager of Consumer and Community Engagement will support and facilitate the participation of young people in decision making for the Network.

Meetings are held on a quarterly basis for three hours in the Women’s & Children’s Hospital. An agenda will be forwarded 7 days prior to the meeting and attendance will be reimbursed at \$20.00 per hour in line with SA Health Sitting Fee Policy for Non-Employees. Attendance at the meetings will be supported by engaging on a secure, safe crowd-sourcing website known as Basecamp. You are also provided consent for this young person to sign up to this secure space and contribute in a closed online environment. There may be some out of session meetings to complete which will be negotiated in advance.
