The Women's and Children's Health Network (WCHN) is committed to working in partnership with children, young people, parents, care-givers and families.

Partnerships ensure that the organisation provides the best person and family care approach.

Partnering with our consumers is vital for effective, efficient and transparent health services.

The network is looking for anyone who has recently been a patient (in the last three years) and would like to be more involved in creating a difference at the Hospital and in the Community Services (CaFHS, Yarrow Place, MY Health, CAMHS etc).
