M S MCLEOD RESEARCH SEMINAR SERIES

SEEKING SPEAKERS 2021

The WCHN Research Secretariat would like to announce the opportunity for researchers to invite leading researchers/ speakers in your field to present at the **M S McLeod Research Seminar Series** in 2021. Speakers who reside in Adelaide will have the opportunity to present in person. However, due to COVID-19 restrictions, interstate and overseas speakers can only present online through live streaming or a pre-recorded presentation.

The M S McLeod Research Fund was established by a bequest from the estate of Murdoch Stanley McLeod. Its purpose is to support in perpetuity paediatric research. This Fund offers various scholarships, fellowships and grants annually and is overseen by the WCH Foundation.

One of the initiatives of the Fund is to sponsor the **M S McLeod Research Seminar Series**, which is held monthly (February – November), usually on the **Fourth Wednesday** of the month at **12.30 pm** in the Queen Victoria Lecture Theatre at the Women's and Children's Hospital.

The WCHN Research Secretariat organises this initiative of investigator-driven nominations for the **M S McLeod Research Seminars** on behalf of the WCH Foundation. This represents a great opportunity for you to invite like-minded researchers and/or interesting speakers to share their knowledge and expertise.

NB: Priority will be given to leading and experienced researchers/speakers who will address topics of relevance to women's and children's health, in particular paediatrics. All nominations will be assessed for suitability.

Each national or international speaker will receive an honorarium for their online presentation. Seminar dates for 2021 are available as listed below:
